

YACHTS

A high-angle photograph of a man and a woman on a white yacht. The woman is wearing sunglasses and a patterned swimsuit, and the man is wearing a white shirt and sunglasses. They are both smiling and looking towards the camera. The yacht is moving through blue water, leaving a white wake. The background is a clear blue sky. The word 'YACHTS' is written in large, bold, blue letters across the top of the image.

TURQUOISE YACHTS

Nova jahta od 77 metara

Uzbudljiva nova jahta od 77 metara evolucija je nagrađenog dizajna Vicky 72 m, od koje je tehnološki još naprednija. Skladnih linija i izvanredno uravnoteženih proporcija, Turquoise Yachts 77 m je najveća jahta koju je kuća do danas izgradila. Vlasnička paluba jahte je izuzetno velika, a na njoj je glavna zvizdza kabina na pramcu, s pogledom preko pramca i pristupom privatnom salonu na otvorenom i bazenu. Unutrašnjost je uređena za čak 18 gostiju, a do kabina se stiže otmjenim stubištem ili dizalom. Na glavnoj palubi jahte izvedeni su salon i formalna blagovaonica, kao i dio gostinskih kabina, a sve prostorije na toj palubi imaju impozantne prozore.

New 77 m yacht

This exciting new 77m yacht is a modern evolution from Turquoise Yachts' 2012 award-winning 72m motoryacht Vicky. Technologically advanced, well proportioned and extremely graceful, she will be the largest yacht designed and built by Turquoise to date. Her extra length and increased beam has made room for an additional owner's deck with a forward facing suite that has uninterrupted views over the bow and access to a private outside deck area with spa pool. The interior has impressive levels of accommodation with flexibility for up to 18 guests. On the main deck, you'll find the salon and formal dining area as well as the guest suites.

TANKOA YACHTS

Uspješno porinuta Vertige

Prvo svjetsko boutique brodogradilište, Tankoa, uspješno je primijenilo svoj neuobičajen pristup brodogradnji i u veljači ove godine porinulo 50 metara dugačku S501 M/Y Vertige. Prvi primjerak projekta S501 M/Y Vertige ima autonomiju od 5.000 milja pri brzini od 12 čvorova i postiže najveću brzinu od 16 čvorova. Vertige je testirana i na mirnom moru, uz vjetar od pet čvorova, ali i na olujnom moru uz nalete vjetra od 30 čvorova. CEO Tankoe, Euro Contenti kaže da je ova jahta pravi dokaz sposobnosti Tankoe i pojma boutique brodogradilište. Izvedba svakog detalja u interijeru i na eksterijeru Vertige je upravo zapanjujuća, a u svakom aspektu ona nadmašuje očekivanja od jedne superjahte. To se postiže bliskom suradnjom s naručiteljem od prvoga dana, ili, kako kaže, Contenti, s klijentom, a ne za klijenta. Tankoa S501 Vertige predstavlja vrhunac suradnje kvalitetnog brodogradilišta i odjela za marketing i prodaju, koji se s klijentom i skiperom savjetuju svakoga dana.

Vertige successfully launched

Tankoa, the first Boutique Shipyard with a multi-cultural approach of yacht construction, has announced that S501 M/Y Vertige has been launched in February. This first model of project S501 M/Y Vertige is offering a range of 5,000 Nautical Miles at 12 knots and 16 knots top speed at half load, while performances of 50 meter long Vertige were to be measured in calm seas and five knots of wind, actual sea trails took place with over a meter waves and a crossed choppy sea with northerly wind gusts up to 30 knots. The level of details, both inside and outside, is in line with what everyone usually expect onboard larger yachts. According to Tankoa's CEO, Euro Contenti - this is a true recognition of the 'boutique shipyard' values and power that irrevocably consists in building yachts with clients, not for clients. Tankoa S501 Vertige represents the quintessence of the result between a high quality builder and a marketing and sales organization that is in daily contact with yacht owners, captains and surveyors.
