New model comes from the drawing board of Francesco Paszkowski Studio. She has been designed to be equipped with three MTU engines @ 2.000kW each, two Kamewa waterjet plus central booster.

Tankoa Yachts, the Italian shipyard located in Sestri Ponente near Genoa, has revealed images of a new 58m Open concept.

The new model comes from the drawing board of Francesco Paszkowski Studio.

Tankoa Yachts is a project born in late 2008 thanks to a very competent team of managers and investor already involved in the yachting industry.

Marketed as a boutique shipyard, Tankoa Yachts, the company focuses on building yachts ranging from 50m to 90m.
