December 6, 2016 by [Nicolas Saugnac](#)

Fast forward your imagination. The power of design meets the thrill of speed.

Lightweight, sharp, powerful and comfortable. Tankoa Yachts makes it possible. From now on, luxury cruising doesn't mean giving up the excitement of running fast and loose.

The Tankoa Open concept 58m has hull and superstructure entirely built in light alloy 5083. With this cutting edge mega yacht you can have it all.

Race attitude, high quality and new ideas. The long lasting tradition of Italian design has a new expression.
