## WATER BABY: 10 OF THE BEST CHARTER YACHTS FOR HAVING A DIP

5

**SUERTE**

Delivered last year 69.3 metre Suerte offers one of the most stylish settings for a swim while on board. Her swimming pool features a breath-taking waterfall and has a wet bar so you can enjoy a drink while cooling off. Another stand out feature of this yacht is her touch-and-go helipad which can be converted into a dance floor – making her one of the best party charter yachts.

Suerte can accommodate 12 guests and is managed for charter by Northrop & Johnson.

**SUERTE**

The 69.3m debut yacht from Italian yard Tankoa Yachts, *Suerte* was designed by [Francesco Paszkowski](#) and [Margherita Casprini](#), and launched in 2015.

**Why we love it:** Weary travellers arriving by tender can step directly into *Suerte*'s spectacular spa-like beach club. This sprawling space is extended with fold-out terraces and contains a hammam, massage tables and a sauna with its own window out on to the seascape.

**Design genius:** On many yachts a beach club feels like an afterthought, awkwardly connected to the rest of the yacht and incoherent in décor. On *Suerte*, this popular feature is where it should be, at the centre of the design, the showpiece at the end of a grand central staircase from the main deck lobby – with décor to match its status.

**Perfect for:** Spa junkies and beach bums who take relaxation seriously.
